RE: Certificate No. 252006B  
OPP No. D95-01-018

Dear Mr. Olson:

Your educational certificate has now lapsed. Therefore, this office no longer has jurisdiction and we are dismissing your case without prejudice. An order to that effect is enclosed.

Should you seek recertification in Washington, you must establish the good moral character and personal fitness required to hold certification as defined in the Washington Administrative Code (WAC). The burden of proof, which rests upon you, is at the clear and convincing level. If you should re-apply, this investigation will be re-opened as part of the determination as to whether you can meet your burden of proof.

Sincerely,

DR. RICHARD MICHAEL WILSON
