RE: Evidence Chronology

1. Spring of 1989, the ██████████ ██████ enroll at Timberline High School after transferring from Capitol High School.
2. September 1989, Greg Ford starts work at Timberline High School with four sections of P.E. and one section of psychology.
3. Need more detail as to precisely when the twins took classes from Ford.
4. Summer of 1990, Ford asks ██████ to babysit for him at his mother's house while he does gardening. He "came on" to her at that time. ██████ laughed it off.
5. November of 1990, ██████ gets beaten up quite badly by her boyfriend ██████. As a result of this, Ford became more involved with ██████ on personal matters.
6. January of 1991, ██████ meets Ford at a basketball game and he hugs her.
7. February 8, 1991, regional wrestling tournament at Timberline High School. ██████ and ██████ are "runners" (taking results of the matches to the scorers' table). Sharon Douglas is at the wrestling meet and is aware that the ██████ and ██████ need a ride home. Sharon is aware that ██████ and ██████ are riding with teacher McRoberts and ██████ indicates to Sharon Douglas that she has a ride home with Ford. Ford testified that he had not preplanned taking ██████ home and that she had forced the situation, although he didn't have an opinion as to why she did that. ██████ deposition says she asked Ford for a ride. ██████ testified that after this wrestling tournament, they had sex for the first time somewhere near East Tanglewilde. Debbie Wing reports from her investigation that the first time ██████ and Ford "went for ride" they just talked and did not have sex. I need to clear up this matter. There is conflicting information regarding whether Ford and ██████ had sex three times or four times.

8. On a week night not long after February 8, Ford picked [REDACTED] up at home between 5 and 6 p.m. How was this scheduled? Did Ford call and make a date? They initially went to Timberline to pick up some wrestling forms, but then [REDACTED] testified that they went somewhere near Union Mills Road and had sex in the back of Ford's pickup. [REDACTED] said that they were gone for approximately two and one half hours and [REDACTED] saw them leave. [REDACTED] said that she saw [REDACTED] looking out the window when they left. When [REDACTED] was returned home by Ford, [REDACTED] asked [REDACTED] where they had been and she indicated at school.
9. Within the next week, also on a week night, the third sexual contact occurred according to [REDACTED]. Ford picked her up at her home at approximately 6 p.m. and they went to a public fishing dock somewhere in Lacey. How was this "date" set up? [REDACTED] testified that [REDACTED] was at home but her mother was not when Ford dropped her off. Debbie Wing quotes Mom as saying that she was home at one point in time when [REDACTED] told her that Ford had picked [REDACTED] up and that Mom remembered [REDACTED] getting home between 10 and 10:30 that night. [REDACTED] may not have been aware of the fact that her mom was home.
10. To this point, it seems apparent that [REDACTED] had sex with Ford on three occasions, all of which, per testimony, were in the month of February, 1991.
11. March 12, 1991, Ford grabbed [REDACTED] in the cafeteria, he admits to Rae to having used profanity in this interaction with [REDACTED], he denies that the interaction had anything to do with [REDACTED]. [REDACTED] quotes Ford as something to the effect of "don't mess around with Mr. Ford, I am going to come out on top." [REDACTED] and [REDACTED] both witnessed the "grabbing" incident.

I believe that Ford's actions against [REDACTED] were in retribution to her for what she knew about his interactions with [REDACTED]. At this point, [REDACTED] was becoming a player in this scenario. I am not sure at what point [REDACTED] told [REDACTED] that she had had sex with Ford, but it would appear it would have been toward the end of February, after the second time. [REDACTED] believes that Ford put [REDACTED] up to some of the intimidation-type action. It appears that [REDACTED] is the one who actually started talking about Ford "boning" [REDACTED]. Either [REDACTED] started telling other people about [REDACTED]'s relationship with Ford (which I do not think is the case) or Ford saw things were closing in on him and he attempted to use [REDACTED] to deflect things.

It might be that [REDACTED]'s attitude changed after she learned that Ford's wife was pregnant and she was then more able to realize how Ford had acted inappropriately with her. At or about this time, [REDACTED] also disclosed, inadvertently, to [REDACTED]

that [REDACTED] had had sex with Ford. [REDACTED] thought that [REDACTED] knew, but she didn't. At or about this time, Ford made some kind of "come on" to [REDACTED] either in psychology class and/or over the phone. I really need to fine tune this/these conversations between Ford and [REDACTED]

12. March 19, Brian Rae conferences with [REDACTED] and her mother, [REDACTED]. There is bit of confusion regarding whether [REDACTED] was rumored as having sex with Ford during this conference, but it was clear that the purpose of the conference was the March 12 incident between [REDACTED] and Ford. As a result of this conference, however, John Acker did have a meeting with Ford regarding rumors that he was having sex with [REDACTED]. Ford assured Acker that that was not the case and nothing went further.
13. [REDACTED] says that Ford did not call the [REDACTED] home after the incident with [REDACTED] but she did remember that in a phone discussion with Ford that he was aware that her spring vacation from school was the last week of March and that he said something to the effect that he would "watch out for the girls while she was gone." It is [REDACTED] testimony that it was about a week before her spring break, which would have been the first week in April, that Ford asked her to go for a ride.
14. April 22, Ed Sorger calls Debbie and says that [REDACTED] has made a statement regarding Ford's interactions with [REDACTED]. [REDACTED] was motivated to go to the police by her disgust for Ford.
15. On April 29, Debbie and Gene Nicholas meet with the [REDACTED] at their home and [REDACTED] admits to the sexual contact between she and Ford.
16. April 30, in a conference with Debbie, Ford denies picking [REDACTED] up at home, but he did admit having sexually explicit discussions with her. I need to follow up with Debbi as to precisely what Ford admitted to.
17. May 2, in a conference with Debbie, Ford again denies picking [REDACTED] up at home.
18. May 7, termination letter is written.
19. May 8, Ford is suspended with pay.
