Re-opened P's case, per email sent from IC Administrator Owens, "I've discussed this with our Attorney General's Office. The decision is for Washington to reopen the case and resume supervision. Your first step should be to arrest the offender and violate him for his harassing behavior toward the family. You also need to submit a violation report for the Felony charges to Arkansas as soon as you can. If you need assistance let me know. Please also keep me posted on the offender's location and when you get him into custody or is he currently still in Western State for the evaluation?"

Recvd a call from Detective Teresa Berg of Pierce County Sheriff. She is overlooking/handling both cases of the Malicious Mischief and the Child Rape. She is very concerned that Mr. Clemmons continues to make contacts with the victims. Right now [REDACTED] has turned around and

denied the report made against Mr. Clemmons. She is supporting him instead. But Detective Berg said [redacted] and [redacted] are very afraid of him, and there was no way that they made up the stories when the incident happened. The charges will move forward. At this point she seems to desperately need help from the DOC to monitor Mr. Clemmons if we can. I explained to her about the situation of this case and that IC WA Administrator Owens is working expeditiously with the IC Commissioner to resolve the issue. Detective Berg also said that it would not be easy if we (the DOC or Pierce County Sheriffs) have to arrest Mr. Clemmons again. She said Mr. Clemmons did not like them. I also discussed w/ Detective Berg about the suspicion of P in the serial robberies. She said she would not be surprised since Mr. Clemmons was under the DOC for the conviction of Robbery, claimed to be a landscaper but no evidence to support such a claim, especially around his house, and had the money/power to come up w/ the bails. I mentioned to her that P has two houses. Detective Berg can be reached at (253)798-4214. Also, email this info to CCS Owens.

DPA Angelica McGaha returned my call. She said at the 7/31/09 hearing, the court ordered P to go to Western State Hospital to obtain a MH evaluation (competency eval). The court set another court date for 9/18/09 for P to come up w/ the competency eval. McGaha said that at the hearing the court denied P's request for the reduction in bail; however, P was able to bail out anyway. She said P was out of jail since 7/24/09. I tried to clarify if P bailed out on 7/24/09. McGaha wasn't sure if P had bailed out since 7/24/09. I asked her what will happen if P fails to obtain the competency eval or if the court finds him to be incompetent. She said P will likely obtain the eval b/c it's his best interest. She also said that if the court finds P to be incompetent, she will ask the court to order P to be in the custody of Western State Hospital.

In preparing for Discovery service today for P's scheduled Probable Cause Hearing on 7/30/09, I discovered that P had bonded out of jail. Arkansas had rescinded it's abscond warrant and therefore the court dismissed the Fugitive felony charge on 7/23/09. P was apparently able to bond out on his other pending charges. P is scheduled to return to court on 7/31/09 for the State's Motion to Request An Order For Examination By Western State Hospital. I initially notified CCO Thiem by voice message that it appeared P had bonded out. I later followed up via e-mail to CCO Thiem and CCS Pioli with the additional information I had obtained. During service for other individuals this date, jail staff advised me that P had been released on \$190,000 bond. P indicated an address of 1118 131st St S, Tacoma WA and next of kin, Nicole Clemmons (wife), telephone (206) 683-9283. Due to the nature of the pending charges, I shared above information with my supervisor.
